

Our unique service provides a single point of contact for every aspect of your event and is designed to provide either a total management service or to work alongside you to help manage all the various temporary infrastructure elements that are required by your events.

Our service starts with initial event conception and licence application, supplier sourcing and equipment specification, on the day management and site clearance and finishes with event evaluation.

Relevant have been involved with concerts, firework spectaculars, balloon festivals, fund raising events, family & employee fun days and airshows across the UK.

Current clients include: The John Lewis Partnership, Leeds Castle, S.E.E.D.A., Kent County Council (Tour de France) and Dunsfold Park. We have also recently carried out consultancy work for Kent County Council and Essex County Council.

Relevant Ltd is a member of the National Outdoor Event Association

"Now that the dust has settled on the Open Air Concerts I am writing to thank you for all you have done to make the week a success... Thank you again for all your support as Relevant Ltd to Leeds Castle."

"Thankfully we had the experts holding our hands throughout the 9 months lead-up. Event organiser Relevant's Richard Millward and James Hodgson stroked our fevered brows on many occasions."

"Brilliant. Very well done to you all. I thought it was the best organised JLP [John Lewis Partnership] event I have seen and against all the odds."
